

REMARKS/ARGUMENTS

I. Incomplete Application

The Office has notified Applicant that the above-identified patent application is in need of a corrected figure sheet 13.

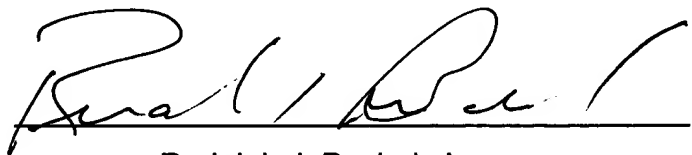

Applicant has, on February 20, 2007, filed a Rule 37 1.312 amendment which includes spelling changes in several of the drawings. At that time, a complete set of "formal" drawings was also presented. It is not immediately whether the Office of Patent Publications has not received the replacement and formal figures or has detected a problem with those figures. Please find enclosed copies of both drawing sets that accompanied the Rule 37 1.312 amendment. It should be noted that the figure on sheet 13 was NOT changed in the amendment.

II. Conclusion

The Office is invited to call the undersigned at the below-listed telephone number if it will expedite or aid the issuance of this application.

Respectfully submitted,
